

Step-by-Step Tutorial: Create a Monster for a Fantasy Film!

Goal:

Design your very own monster character – just like the ones in the movies!

You'll Need:

- A4 paper
 - Pencil and eraser
 - Black marker or pen
 - Colouring pencils, crayons, or felt tips
 - Scissors and glue
 - Bits and bobs like buttons, string, feathers (optional)
 - [Optional: Pre-made dice templates or cut-out features]
-

Step 1: Warm Up with Monster Parts

Spend a few minutes doodling:

- Eyes (big, tiny, glowing, one-eyed)
- Mouths (sharp teeth, smiley, dripping goo)
- Feet, wings, tails, horns
- Mix and match parts from animals and your imagination!

Step 2: Roll for Features!

Use a dice or pick randomly from the lists below to decide what kind of monster you're making.

Choose your monster's:

1. Body Type:

Furry | Slimy | Spiky | Wobbly | Scaly | Invisible

2. **Legs or Movement:**

2 Legs | 4 Legs | Tentacles | Wheels | Wings | Snake-Like

3. **Eyes:**

1 Big Eye | 3 Eyes | 10 Tiny Eyes | Glowing | Robot Eye | Hidden

4. **Superpower:**

Fire Breath | Ice Blast | Invisibility | Loud Roar | Super Speed | Mind Reading

👉 Write down or draw your monster's features before you start!

🎨 **Step 3: Draw Your Monster**

- On a clean A4 page, draw the full body of your monster using the features above.
- Think about its size: is it huge like a mountain or tiny like a mouse?
- Add **details** like claws, antennae, patterns, or drool!
 - Don't worry about making it perfect – it's YOUR creature.

🎨 **Step 4: Add Colour and Texture**

- Use colours to show what your monster is like. Bright and cheerful? Dark and spooky?
- Add **texture** with collage materials if you want – e.g. glue on feathers, fabric scraps, or foil.
- Outline your monster in black pen to make it stand out.

🧠 **Step 5: Give Your Monster a Name and Story**

Fill in this monster profile next to your drawing:

- **Name:**
- **Where it lives:**
- **What it eats:**
- **Special power:**
- **Is it friendly or scary?**
- **One fun fact:**

Step 6: Present Your Monster

Tell someone about your monster like you're pitching it to a film director! You could say:

"This is *Sludgefang*, a gooey cave monster who eats glow worms and has a mega-loud roar!"

If you're in a group, take turns sharing. If you're at home, record a short video or write a movie poster!

Extra Challenge:

- Make a **Monster Trading Card** with a picture, name, stats (like strength, speed, sneakiness!)
- Draw a **scene from the movie** where your monster saves the day – or causes chaos!
- Create a **mini comic** showing your monster's big moment.

More Fun Activities:

- Learn to draw Spider-Man's face – Start with a simple oval and add the web pattern.
- Create your own superhero – What powers would they have? What would their costume look like?
- Design a comic strip – Write a short story about your superhero.
