

## **It's time for a Colour Safari!**

Travel across the amazing continent of Africa and meet its most incredible animals.

Colour mammals, birds, fish, reptiles, amphibians and bugs from all over Africa. Each animal in their natural habitat!

This exciting colouring book, packed with bold animal outlines for easy colouring, brings art and geography together for hours of educational fun.

If you like this book, please also consider our other Colour Safari books: Colour Safari Australia, Colour Safari Europe, Colour Safari North America, Colour Safari South America and Colour Safari Dinoworld.

Whether you're colouring at home, at school, or on the go, your animal exploration starts here!

Let's get colouring – and exploring!
