Welcome to Arts Award Initiative

A big welcome to our new students this month. We hope you have a very happy journey through the world of art.

If you have any problems please don’t hesitate to contact us, we are always happy to offer support.

What Has Inspired Our Students This Month?

Cats!

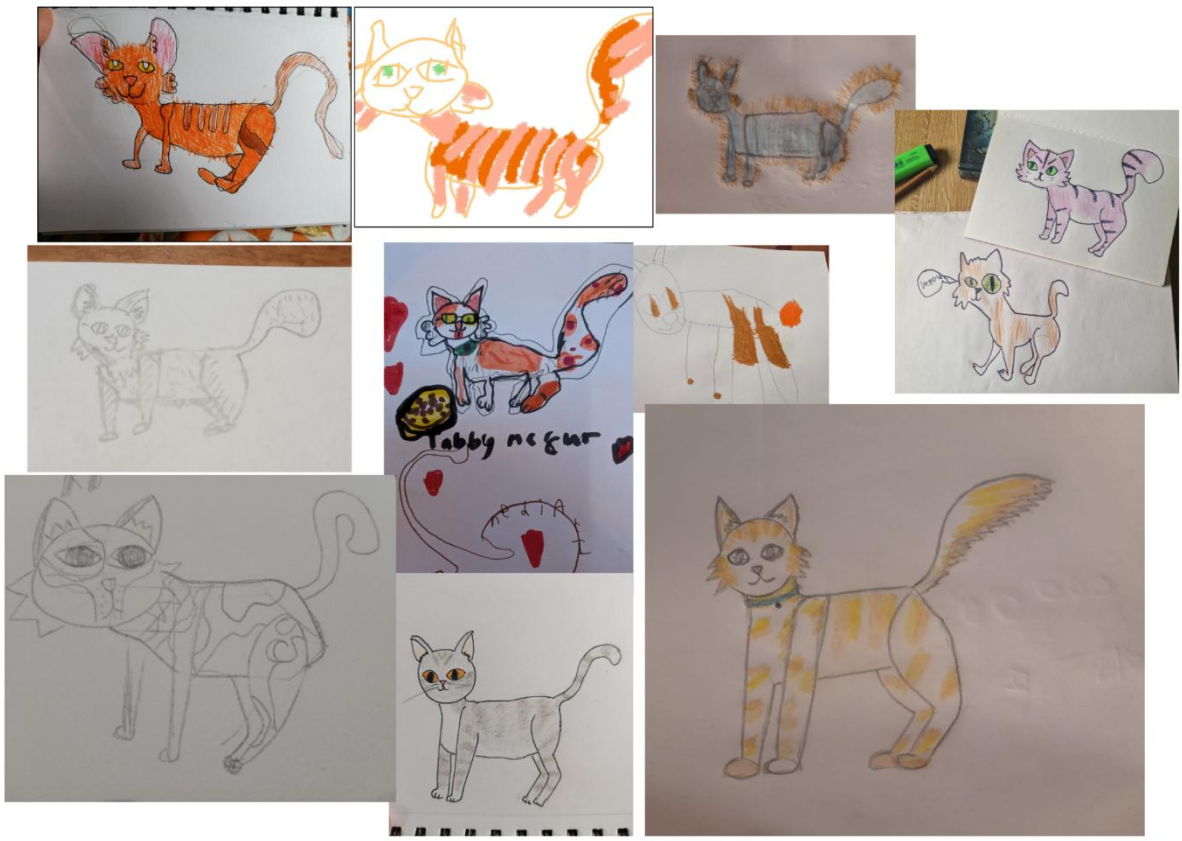

Cats have been big this month, and little, and lots of different colours.

Because A. created a brilliant tutorial teaching people how to create pictures of cats.

Here’s their own artwork

And here's the work their participants created

How adorable are they!

We're looking forward to seeing what October brings – although we're not making any predictions about which animal might take over our portfolios next!

All the best,

The Arts Award Initiative Team
